Dear Mathew Pollack:

My name is Jeff Roberts. I am a taxpayer and resident in the town of Clifton. On March 24, 2026. I was a Poll watch for the municipal election. I saw Gerald Folster bring in the 2 ballots in question. This whole episode with the ballots was a set up. The two ballots in question was open. They were not sealed. And I saw the two ballots put into a red folder. There were other ballots brought in and taken right out of the polling room. But these two were put in a red folder and put aside. I personally watch Debra Hodgins (town of Clifton Voter Registrar) steal last year's election. So this is her way of stealing this year's election.

It came to light the next day after the ballots were opened that one of the ballots in question that has the name Melissa Folster on it, voted illegally. She doesn't live in Clifton. She moved to Bangor this past February.

On top of it all. Steve Armenia does not live in Clifton. He lives in Great Pond. His address is 15 Cliffside Drive, Great Pond. I fought him being allowed to run. But I got nowhere. Debra Hodgins allowed him to run anyways.

I hope this helps.

Jeff Roberts
